

## Dear Prospective Partner

---

My name is Maria Burgos, and I am the visioneer and founder of this endeavor. I have a double masters in education and marital and family therapy. I possess a solid background in operating various crucial projects throughout my professional career. I have also acquired extensive training specializing in spiritual formation, marketplace ministry and kingdom advancement.

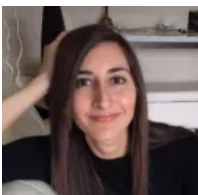

While we are living in one of the most fast-paced, rapid changing times and ever-shifting cultures where society is steadily increasing in Godlessness, one of the definitive purposes of this initiative is to incorporate yet another powerful form of evangelism and innovative way of spreading the GOOD NEWS OF THE GOSPEL while expanding the kingdom of God by *creating presence-filled spaces, whether it be in the marketplace or your very own home*. Our intent is to bring the presence of God back to the forefront by cultivating spaces that allow for his presence to be acknowledged and made manifest once again.

As crosses are increasingly being removed from the public square and there is an exponential growth of idol shrines and religious relics overtly displayed throughout our modern day culture, one of our direct aims is to not only help do our part to quench the worship of false gods within our society, but to inspire the body of Christ to be the true ekklesia or “called out ones” that are willing to say, “If you will not come worship with us, we will come to you!” With this in mind, we *are dedicated to helping you cultivate intimacy both vertically with God & horizontally with others via spiritual, interpersonal coaching & consulting support services within your very own space*.

Moreover, *we are also looking to establish a permanent facility that offers all of the above services mentioned, along with ongoing worship, ministry support and a place of connection*. Imagine if you will, an official site that is open around the clock for the exclusive purpose of ministering to God; and in turn He can't help but minister right back to you, so that you can then more freely minister to those around you!

*We greatly appreciate your [donations here](#) anytime!* Because we cannot do this without you, we have developed some extraordinary [consulting incentives](#) may you decide to join us. We have also devised [the proposal](#) as an abridged version to our comprehensive business plan that can be viewed upon request. To find out more about any of our project ventures, view our “[wish list](#)” and/or especially how we can help you get this started in your very own space (*regardless of what it looks like!*), please do not hesitate to contact me directly or visit [cultivatingintimacy.com](http://cultivatingintimacy.com).

Until His presence is made known,

*Maria Burgos, M.A., M.S. M.F.T.*
